

Aspecta Ten Tilt & Tones Chosen as Grand Award Winner by BUILDINGS Media

NORWALK, CT, June 27 - Aspecta North America LLC announced that its new Aspecta Ten Tilt & Tones LVT flooring has received a Grand (first place) Product Innovations Award from BUILDINGS Media. Introduced at NeoCon 2018, the latest LVT design breakthrough pairs four geometrically inspired **Tilt** tiles with the neutral **Tones** tile palette to achieve custom looks.

Said newly appointed Aspecta Global CEO Marcel Kies, "The BUILDINGS Product Innovations Awards are an important gauge of technical superiority for contract facility managers and owners. We are proud that Aspecta Ten Tilt & Tones impressed the *Buildings* editorial staff with its flexibility in design, durable quality and simple installation."

The 24" x 24" Aspecta Ten Tilt & Tones tiles are presented in 4 color groups, each consisting of 4 unique **Tilt** tile designs that can be paired with 2 companion **Tones** tiles. Together they create a random, intriguing and playful motif - a neutral background and foil for accent textiles, paint colors, furniture and office systems.

The *BUILDINGS* editorial staff evaluated submissions in terms of their innovation and contribution to productive workplaces. The staff then evaluated finalists in person at the NeoCon 2018 show in Chicago's Merchandise Mart. Aspecta Ten Tilt & Tones is a member of this elite group of products which will be showcased in the August 2018 issue of *BUILDINGS* and online at www.BUILDINGS.com.

About BUILDINGS

BUILDINGS Media serves more than 74,000 commercial building owners and facility managers in North America. Its magazine, newsletters and website provide information that helps subscribers and users make smarter decisions about managing, operating and renovating their facilities.
